Aluminum

Trade Fair – Düsseldorf, Germany

Edited by on 8. Dec. 2023

"Sharing a vision."

ALUMINIUM is the world's leading trade show and B2B platform for the aluminum industry and its main application industries - the show focuses on solutions for automotive, mechanical engineering, building and construction, aerospace, electronics, packaging and transportation.

As the industry's most important platform, ALUMINIUM brings together producers, processors, end consumers and technology suppliers along the entire value chain from more than 100 countries
