CONEXPO-CON/AGG 2023

– Las Vegas (NV), United States

Edited by on 24. Jan. 2023

"The largest Construction Show in North America"

CONEXPO-CON/AGG is the largest construction trade show in North America and the premier event that connects professionals from every major construction sector. Held every three years, CONEXPO-CON/AGG takes the construction industry to the next level by helping construction professionals elevate their industry expertise, experience the newest equipment and products through demonstrations and industry-leading education, make new professional connections, and grow their own marketability within the industry.

CONEXPO-CON/AGG, already recognized as the largest trade show in North America, has officially sold all available exhibit space, guaranteeing the 2023 edition of the show will be the biggest in history.

"The addition of the new West Hall and Diamond Lot at the Las Vegas Convention Center gave us, and our exhibitors, a number of new opportunities to show how we are taking the construction industry to the next level," said CONEXPO-CON/AGG Show Director Dana Wuesthoff. "Now at 2.8 million square feet of exhibits, there's more for construction pros to see than ever before."

The show, now nearly 5% bigger than the record set in 2020, will feature 1,800 exhibitors and 150 education sessions during its run from March 14-18, 2023.

Despite being the largest CONEXPO-CON/AGG ever, recent additions to the Las Vegas Convention Center (LVCC) will make it the easiest to get around as well. Beneath the entire LVCC campus runs the Convention Center Loop, an underground transportation system designed by Elon Musk's The Boring Company that transports convention attendees throughout the campus in under two minutes in Tesla vehicles, free of charge.
