

5. - 8. Feb. 2024

MINING INDABA

Ausstellung – Cape Town, Südafrika

Bearbeitet von am 24. Nov. 2023

"The Annual Conference for Natural Resources Professionals "

Since 1994, Investing in African Mining Indaba has been the #1 place for deal sourcing and corporate matchmaking for the African mining industry. It has and continues to serve as the most comprehensive gathering for investment, finance, innovation, and transformation to support end-to-end value creation.

In 2024 we aim to elevate the Mining Indaba experience through our theme: 'Embracing the power of positive disruption: A bold new future for African mining' - which will encourage and support the needed change and disruption the African mining industry needs to move forward. Because the industry being in the early onset of disruption, with advancements in technology, health & safety, environment and exploration to name a few, we believe it is time to put the real issues on the agenda - outlining the true investment inhibitors and how these ultimately feed into new opportunities.

Join us from 5-8 February 2024 and experience Mining Indaba as we initiate the conversations on embracing change and leading positive disruption that would revolutionise the present, and the future of the industry.
