PFP EXPO SINO-PACK

Ausstellung – Guangzhou Shi (Guangdong Sheng), China

Bearbeitet von am 29. Nov. 2023

"The 30th China International Exhibition on Packaging Machinery & Materials"

The exhibitions continue to focus on the field of fast-moving consumer goods and create an all-round display platform for the entire packaging industry chain. With the characters of Practical, Innovation and Sustainability, Sino-Pack will showcase six theme zones, namely "Smart Packaging + Smart Logistics", "Food Packaging", "General Packaging", "Liquid Packaging", "Coding and Marking" and "Packaging Materials and Products" with further enhancements.

Covering multiple end-use spectrums like food, catering, beverage/dairy products/alcohols, daily chemicals, pharmaceutical/health care products, home appliance/3C, express delivery/logistics, e-commerce/fresh food delivery, and automobile. Concurrent with the PACKINNO, Printing South China and Sino-Label in 2024, expected scale of exhibition area is over 150,000 sq.m and will have over 2,000 exhibitors.

Sino-Pack will once again be a significant business development platform.
