"Taipei International Food Processing & Biopharmaceutical Machinery Show "

The FOODTECH Taipei (Taiwan International Food Processing Machinery Exhibition) is an annual, international trade fair taking place at the Taipei Nangang Exhibition Center in Taipei, the vibrant capital of Taiwan. This center provides a modern and well-equipped venue that is easily accessible and offers numerous amenities.

Specifically designed for professionals from the food industry, the fair presents a broad spectrum of machines and components for food processing. This includes food processing and packaging equipment, equipment for the treatment and disinfection of drinking water and waste, as well as machines and devices for the processing of agricultural, fisheries and livestock products and cold storage equipment.
