MODEX 2024 brings together the entire industry together to provide end-to-end solutions for your operations. Only at MODEX can you see in-person, in-action the solutions of over 1,000 of the leading providers. Discover what's new and what's next for supply chain optimization from traditional equipment to sustainability to automation, robotics, and emerging tech.

MHI is an international trade association that has represented the material handling, supply chain, and logistics industry since 1945. MHI members include material handling and logistics equipment and systems manufacturers, integrators, consultants, publishers, and third party logistics providers. Member companies come from all areas of material handling and various parts of the world, making MHI a strong national and international representative for the material handling and logistics industry. Much of the work of the industry is done within its product specific Industry Groups. The association sponsors trade events, such as ProMat and MODEX to showcase the products and services of the industry and to educate manufacturing, distribution and supply chain professionals on the productivity solutions provided through material handling, logistics and related activity.
