

28. Apr. - 2. May 2024

IEEE-IAS/PCA Cement Industry Conference

Conference & Trade Fair – Dallas (TX), United States

Edited by on 5. Dec. 2023

The IEEE-IAS/PCA Cement Industry Conference is the largest conference in the cement industry and includes presentations of the latest technology covering a variety of topics important to the industry.

This is the largest conference in the cement industry and will include presentations on the latest technology covering a variety of topics important to the industry. There will also be tutorials, professional training sessions, a state of the industry report and much more. The exhibit hall features over 100 exhibitors displaying the latest in product and service offerings. Join in on one of the many networking events to meet industry colleagues and make new connections.
