WasteExpo

Conference & Trade Fair – Las Vegas (NV), United States

Edited by on 5. Dec. 2023

Whether you are from the private sector, a small, medium or large public sector waste management company, organics management, or food waste management company, or a manufacturer or supplier from the U.S. or abroad, count on WasteExpo to bring the entire industry together under one roof.

WasteExpo is more than just an exhibition and conference; it is the largest solid waste, recycling and organics event in North America. It is the once-a-year meeting place for you to reconnect with your peers, network, learn and discover the newest products and services. And this year promises to be the best yet. More innovation. More education. More networking. Plus, 97% of WasteExpo attendees from the 2022 event said they would recommend the event to their colleagues.
