Plastics Extrusion World Expo

Trade Fair – Bruxelles, Belgium

Edited by on 7. Dec. 2023

"The European exhibition for the film, sheet, pipe and profile extrusion industry"

This event brings together professionals from across the plastics extrusion industry for two days of networking, knowledge sharing and innovation.

Your free ticket provides admission to the largest concentration of plastics extrusion related exhibits in Europe including access to the co-located events: Compounding World Expo and Plastics Recycling World Expo. As well as 4 focused conference theatres – each with a busy two-day programme of technical presentations, seminars and industry debates.
