## Rotary Valves

Edited by on 1. Oct. 2025

Teclion offers series suited for powders and granules in dilute or dense-phase pneumatic conveying.

Options include:

- **RDL/RDW/RDM/RDC/RDB/RDP/RDS/RDWS**: available in stainless or carbon steel, some in explosion-proof and sanitary versions.
- **Granular material valves (RGM/RGH/RGT)**: manage pellets, grains, and abrasive materials .
