Hoses for the highest requirements in bulk material conveying

Edited by on 4. Jan. 2023

Gelsenkirchen, Germany –

At SOLIDS is the trade fair for granulate, powder and bulk solids technologies. On 29 & 30 March 2023, Masterflex SE will be presenting hoses for the most demanding requirements in conveying and drying bulk solids, lined pipe bends and matching connection and joining elements.

No matter whether you are at home in the steel, mining, chemical or food industries. Visit our expert colleagues & staff on site. We look forward to seeing you at Stand H-13 in Hall 5.
