

The New Thinking In Pneumatic Conveying

Visit us at the K 2010
27 Oct - 3 Nov
Düsseldorf, Germany
Hall 11 / G57

STRANDPHASE®

Pellbow®

DeDuster®

New developments at Pelletron: pellcon3[™]

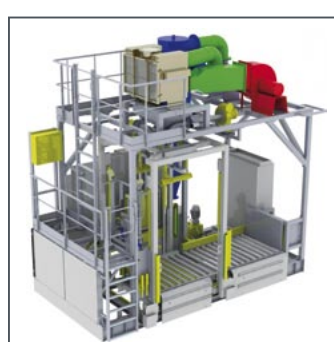

Patent pending

Visit us at the K2010 in Düsseldorf, from 27.10 – 3.11. in Hall 11/G57 and get the latest information on our new pneumatic conveying process, tradenamed – pellcon3[™]. Our specialists are waiting for you to explain the advantages of the technology for your production needs. Visit our webpage www.pelletroncorp.com and get more information.

You are invited

If you need tickets for the K 2010, please contact info@pelletroneurope.com. We have a useful gift for you "shopping with bags made from recycled PET-bottles"

We display more new equipment

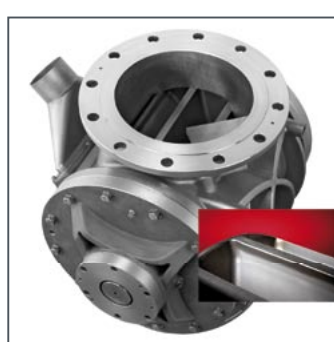

First time built: Combination DeDuster® with packaging machine
The challenge was the integration of a system that removes dust and angel hair prior to packaging with height restrictions under the silos.

Patent pending RC 45 DeDuster®
For removal of dust and angel hair, capacity nominal 4,500 Kg/h, installation height 800 mm, other sizes available.

Patent pending OS 45 DeDuster®
For removal of dust and angel hair, capacity nominal 4,500 Kg/h, installation height 700 mm, other sizes available.

Patent pending GRH 480-350
High pressure rotary valve, for granular applications and conveying pressure up to 3.5 bar. Energy saving through minimized leakage air.

More service, closer to the customer

Following market demands and our philosophy – Quality, Service and Availability – we founded our new European company in Germany in January 2010. Our Managing Director, Peter Siebentritt, e-mail Peter.Siebentritt@pelletroneurope.com and Marc-Michael Huber, e-mail m.huber@pelletroneurope.com would like to welcome you at our booth. If you like to make an appointment, please send a mail or call.

Pelletroneurope GmbH, Ahornstraße 28, 88285 Bodnegg-Rotheidlen, Germany
Telefon +49 (0)7520-956 62 0, Telefax +49 (0)7520-956 62 15, info@pelletroneurope.com

Recycling

Our ecological "long-life" shopping bag made from recycled PET-bottles is waiting for you at our booth. Furthermore, we would like to inform you on our recycling applications.

We would like to welcome you at the K 2010 – „it's time" to meet.

Best regards

Heinz Schneider, President
Pelletron Corporation
