

First announcement

International Symposium

Reliable Flow of Particulate Solids V (RELPOWFLO V)

13th–15th June 2017 in Skien, Norway

RELPOWFLO V is an international symposium aimed to bring together academics, scientists and industrialists to exchange ideas and experiences in established, new and emerging technologies of all topics of powder technology, both nationally and internationally.

RELPOWFLO V will enable the participant being updated and enriched with recent developments and investigations in the field of powder technology, while providing excellent academic and industrial networking possibilities.

*The organising committee of **RELPOWFLO V** invite you to join with us, making the upcoming event memorable and look forward to welcoming you in Norway.*

Contact information

Conference secretary: Liv Axelsen, Tel: +47 98857814

E-mail: liv.axelsen@tel-tek.no

Conference chair: Chandana Ratnayake, Tel+47 95920508

E-mail: chandana.ratnayake@tel-tek.no

Please visit the conference website for more information on paper submission, registration, etc.:

Scopes

- Drying of Particulate Materials
- Environmental Aspects
- Industrial Case Studies
- Measurements, Controls & On-line monitoring
- Mechanical Conveyor & Feeders
- Modelling and Fundamentals of Powder Systems
- Particle & Bulk Characterization
- Pneumatic, Hydraulic & Capsule Conveying
- Powder Coating
- Process Analytical Technology in Powder Applications
- Production & Handling of Nano-particles
- Production of Particulate Solids (crystallization, precipitation, etc.)
- Sample Taking/Sampling in Powder Systems
- Segregation & Mixing
- Separation & Classification
- Size Enlargement
- Size reduction (crushing, grinding, milling)
- Solids Processing
- Storage of Bulk Solids
